Aboriginal Teacher Education Program (ATEP)

University of Alberta

Aboriginal Teacher Education Program (ATEP)

*Become a Teacher &
lead our children to a Brighter Future!*

It is widely known that the Aboriginal youth population in Alberta is one of the largest in the country. With the Aboriginal population growing at the rate that it is in Alberta, there is an urgent need for Aboriginal teachers and teachers with an understanding of Aboriginal histories and perspectives in classrooms. The Aboriginal Teacher Education Program (ATEP) is a Bachelor of Education degree program that has been offered off-site in partnership with First Nations and Community Colleges since 2002.

ATEP delivers the last two years of the B.Ed. Our partnering colleges offer the first two years of the Elementary Education program. The structure of the program is community based in philosophy and the cohort model creates a tight knit student community.

We can help you obtain your University of Alberta Bachelor of Education (Elementary) Degree!

The University of Alberta through the Aboriginal Teacher Education Program (ATEP) is at UnBQ in 2016-18 to deliver the final two years of the education degree. We appreciate all previous cohorts of students and anticipate the next cohort convocation in 2018!

Potential students can enroll now in the B.Ed University Transfer Program.
