Camp Life Training

**This training is designed to provide workplace
readiness and job retention.**

By Incorporating Indigenous methodologies the program
facilitates personal development in:

- healthy decision making
- exploring addictive processes
- cultural teachings
- understanding of historical trauma and colonization
- the de-establishment of social service dependency

**Graduates of the program will possess a strong work
ethic in order to obtain long term employment or to
further progress their trades and/or academic careers.**

Camp Life Training

The 12-week pre-employment Camp and Catering program will provide hands on experience to prepare students as Camp Attendants.

Students will reside in a camp-like environment in order to practice the shift work duties required to provide exemplary customer service in the following areas:

Camp Attendant Job Skills

Food Production

- Assist the cook with meal preparation
- Basic food preparation (salad and sandwich preparation)
- Kitchen and dining room clean up (janitorial and dish washing)
- Adhere to quality assurance and health and safety protocols (ensure food service standards are met at all times)

Housekeeping Services

- Maintenance and janitorial duties in bunks (living quarters, bathrooms and common areas)
- Ensure all areas are clean and sanitary at all times
- Maintain provincial janitorial standards

Clerking

- Front desk duties, recordkeeping and till management
- Check guests in and out of the bunks
- Restock inventory and maintain ordering procedures
- Provide positive customer relations

Maintenance

- Learn basic tool handling and follow safe work practices
- Learn basic welding, carpentry, and vehicle upkeep

Enjoy your learning experience in a friendly, safe and productive environment!

All students will be certified in the following safety

- Standard First Aid/CPR
- H2S Alive
- TDG
- Confined Space 1&11
- WHMIS
- CSTS
- Food Safe
- Fall Arrest
- Fire Extinguisher Training
- Back Injury Prevention
